- A BIRD'S EYE VIEW -

Contrary to popular belief, the term 'legal eagle' does not refer to a single, uniform species.

The expression is used to describe a multifarious gaggle of legal creatures, of diverse countenances, dispositions and habits.

Here at Esmond Reilly, we have flocked together to produce this laypersons' guide to the inhabitants of the legal aviary.

And, in the process, we have taken the opportunity to describe in a general way the services we provide to our clients.

A flight of fancy? We think not.
